Deposits (Jan –Nov 2024)_Continued

Consistency in saving

- When it comes to saving, consistency is very important for it develops the habit of setting aside something for the future. This is a habit we are striving to grow as GrowthSpringers.

- **59%** of members have been consistent with their saving for **7 months or more.**

Loans (January – November 2024)

- The total of **47.34 million** shillings has been given in loans out to nineteen members of which some loans have been paid back fully whereas others are still running.
- A total of sixteen loans are currently running with the principal due totaling to **20.8 million**.
- **Total interest earned** from the club savings as per 30th November 2024 amounts to **4,254,836/=.**
- Of the interest earned, 2,487,160/= is due from the ongoing loans and is expected to be paid within the next half of the year.

- Regarding the robustness of the loan scheme; the current loan limit is five times a member's savings , or 1.4m on top of savings, whichever is lower.

GrowthSpring over the years

- The G in GrowthSpring stands for Growth.
- The yearly savings deposits have grown by over **13 million** from 2023 which is a growth rate of **131%**.
