# Structure of GSI Loan system

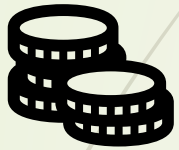

- Members can borrow up to from 1.2 to 1.5 times their savings depending on their consistency in payment of their previous loans. For example if you have savings of Shs.1million, you can borrow up to Shs. 1.5million and if you have Shs. 10million, you can borrow up to Shs. 15million.
- Interest charged for each loan is **2% of pending payments per month** to a maximum of **12% per annum** for members with points. The club awards 3 points for every Shs. 10,000 deposited as savings.
- **A grace period of 7 days** is given beyond the due date of a loan to allow members pay their loans without excessive strain. Beyond the grace period, the loan duration is automatically upgraded by one month.
- Accrued Interest shall be recouped from each loan payment. This differs from the system used last year where interest was recouped at the full settlement of the loan.

# Performance Overview

- **Savings Deposits**

  **Strong Performance in Deposits:** We achieved commendable results in member deposits this period.

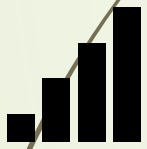

- **Loan Repayment Culture**

  **Area for Improvement:** Our loan repayment consistency needs strengthening.

  **How We Can Improve:** Make Regular Monthly Payments

  Avoid letting your loan balance accumulate.

- **New Loan Limit structure:** Loan repayment timeliness will directly influence your loan limit.
  - **Consistent on-time payments** → increased loan limit.
  - **Consistent late payments** → reduced loan limit

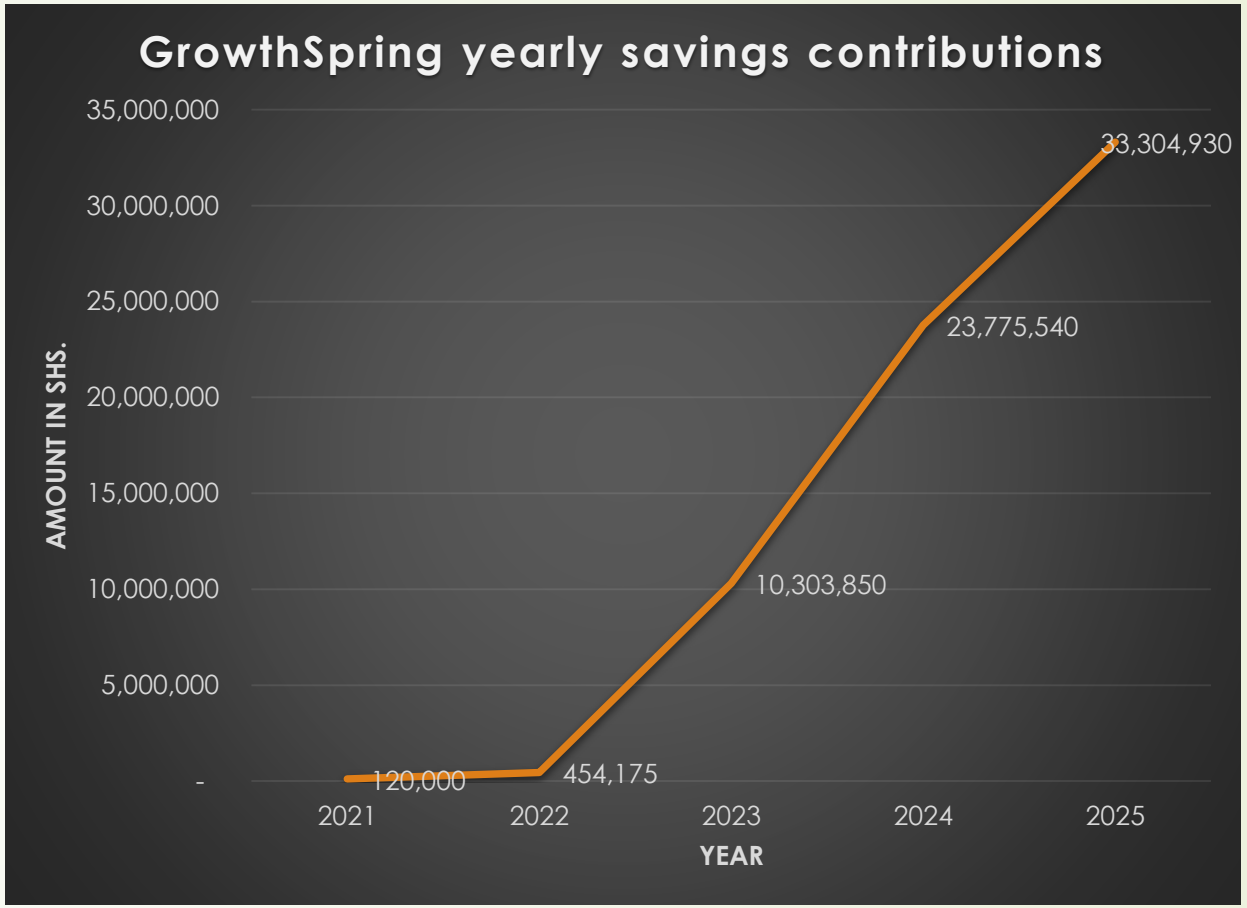

- **Important Reminder**

  Members with ongoing loans are advised to **clear the interest accrued for the year 2025**.

# GrowthSpring over the years

- The yearly savings deposits have grown by over **10 million** from 2024 which is a growth rate of **43%**.
- The amount given out in loans has grown by **42.7 million**.

# Personal Finance Best practices

**Consistency in saving**

When it comes to saving, consistency is very important for it develops the habit of setting aside something for the future. This is a habit we are striving to grow as GrowthSpringers.

**Habits to cultivate**

- Ensure to pay yourself first. Save before you spend.
- Only borrow when you have a means and strategy of paying back the loan.

Thank you
